Vydyne[®] 21SPC Nylon Resin Food Contact Applications

Vydyne[®] 21SPC nylon resin is formulated and manufactured to meet the relevant requirements of the U.S. Food and Drug Administration (FDA) regulation 21 CFR 177.1500 and the EC (European Commission) Directive 2002/72/EC (previously 90/128/EC and amendments). All additives used in this material are sanctioned by the U.S. Food and Drug Administration (FDA) and the EC Directive (Annex III) lists a Specific Migration Limit (SML) for hexamethylene diamine.

There are no limitations placed on the use of this material for food contact applications other than what is suitable for the intended purpose. If you have further questions about this or any Solutia product, please do not hesitate to contact us.

Regards,
